Fall 2019 and Spring 2020 Rate Structures

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate charged for tuition. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus or program you are taking the student cannot. The student career may be used for other special fees. Different rates may apply to special programs—see below. Latitudes have been given to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses. A differential tuition cost will be added to applicable courses and/or programs.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.
