Summer 2020 Rate Structures

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate structure. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus the class is held, not by the student career. The student career may be different for other special fees. Different rates may apply to special programs—see below. Lab/class fees apply to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.

After that, students are responsible for the full financial obligation.

Notification that an eBill has been issued is communicated to each student via their TU campus email. Failure to pay or provide financial aid or third party documentation to cover the eBill statement balance does not discharge the financial obligation, including any late payment assessments. **If you do not receive an eBill notification at least one week prior to your payment due date, please contact the Bursar's Office.**

Securing or Canceling Your Schedule

If your account balance reflects a credit or zero balance, your class schedule will be secured for the term. If your account reflects a credit or zero balance and you choose NOT to attend the upcoming term, you MUST drop all of your classes by the end of the change of schedule period in order to receive a 100 percent refund of tuition and fees. You must drop online through Self Service.

To withdraw online:

- Click Enroll/Drop

Notification to the instructor does not constitute a proper drop. If you fail to officially drop online, you will be financially responsible for all term charges.
