Postal Code

Country

- Per Title 8 of the United States Code of Federal Regulations 214.3 (k) (2), Towson is required to verify the financial support of an admitted student before issuing an I-20/DS-2019 document (also known as the Certificate of Eligibility).
- Admitted students must demonstrate that they have access to funds to cover their first year of study or the length of their program, whichever is shorter.
 - Financial document requirements:
 1. Must be dated within the past 3 months and be in English
 2. Must indicate the currency of the account
 3. Must be liquid funds (i.e. no unsecured loans, stocks, property, or statements of annual salary); all monies must be accessible at the time of submission
 4. Must be on the financial organization's letterhead
 5. Must have the account holder's name listed. If using a company account, we require evidence that the sponsor owns the company and has access to the company account funds.
 - There may be more than one financial sponsor or source of funding. A separate form must be completed by each sponsor.
 - The student and financial sponsor should keep a copy of this form for their records.
 - Please note that additional financial documentation may be required by the U.S. Embassy or Consulate for a visa interview.
