Three Reasons to Apply

Same Quality Programs. Same Quality Degree.

- Established partnerships with local community colleges provide a seamless transfer and assure maximum transfer credit.
- All programs are Maryland Higher Education Commission (MHEC) approved and, if applicable, accredited by their specific professional organization.
- The same high caliber instructors teaching on main campus also teach courses at Towson University in Northeastern Maryland (TUNE).
- Students receive a bachelor's degree awarded by Towson University. The programs at TUNE are identical to those on main campus.

Save Money.

- Fulltime TUNE students save more than \$1,500 per year on fees as compared to students on the main campus. Tuition amounts are the same at both locations.
- Parking is free and convenient.
- TUNE students save on room and board, which costs approximately \$11,000 per academic year on the main campus.
- Students are eligible for the same Financial Aid packages (grants, scholarship, loans, etc.) that are awarded to main campus students. In order to be considered, students must submit the FAFSA by the posted deadline.
- Student employment opportunities are available on-site.

Convenient. Close to Home.

- Program advisors and admissions representatives hold regular office hours on-site.
- Select programs offer internship opportunities in the region.
- TUNE's Director of Student Services organizes diverse student life activities and events to bring the full college experience to TUNE.
- Students may purchase from TU's main campus UStore, textbooks, class materials, TU apparel, and much more and the items will be delivered to their home.
- Food, beverages, and snacks are available on-site at the TUNE café, vending machines, and food pantry, which is located in the student lounge.
