

INST APPROVED UL ELECTIVES Spring 2022

Courses listed below will qualify as upper-level electives in the INST major for Spring 2022. This will also be posted in the “resources for students” section of the INST TU website.

READ THIS CAREFULLY!!!!

Please note that lower-level language courses 202 and below, foundational and research and practicum courses that qualify for the International Studies major are NOT listed below, they can be found in the course catalog for the university or on the International Studies website at:

<https://www.towson.edu/cla/departments/interdisciplinary/undergrad/international/>

Many of these courses require prerequisite courses in their specific departments or that students are enrolled as majors in those departments. If this is the case, you must get the permission of the respective instructors or departments to enroll in these courses. Neither the Director of International Studies nor any International Studies advisor can add students to courses.

If you plan on doing an INST internship you must enroll in INST 493 and consult with Dr. McTague (jmctague@towson.edu) prior to enrollment.

PLEASE make sure that if you are signing up for a topics course in a department with a generic upper-level topics course number that you sign up for the specific course that qualifies for International Studies (such as ANTH 370-002: Anthropology of Islamic Culture). Some departments will have multiple topics courses under the same course number with different sections. If you sign up for the wrong topics course in any discipline listed below the course will not be counted as a qualifying course for the International Studies major or minor.

If there is a course you would like to take, but which is not listed here, please have the professor send a syllabus or an email to Dr. Tappan (rtappan@towson.edu) attesting to the significant international component of the course. INST can then decide if the course is acceptable or not.
