The Computing Professional Pledge
Application for Induction

In order to be inducted into this organization, you will need to have the following qualifications:

1. Have successfully completed the Ethics course (COSC 418) with a grade of C or higher.
2. Must have a current/graduating G.P.A. of 2.5 or above.
3. Must have graduating senior status by May, August or December of the same year of application submission.
4. Must be a Computing major (Computer Science, Information Systems, Information Technology, or a combined major with CS or IS).
5. Must be currently employed or will have employment in a computing profession.
6. Must be seeking / accepted to a graduate computing program.

If you have successfully completed the above requirements, please fill out the information below and return to: Dr. Mona Tavakolan, mtavakolan@towson.edu. Please note that all the information will be checked and reviewed.

After the information is reviewed and accepted, you will receive and email with the date and time of the ceremony. In order to be considered for the current year's ceremony, all participants must be received by March 31.
