

Attachment 3: Floor Drains in Dining Areas

Dining and retail food venues on campus can be broken down into three tiers:

Tier 1 includes the West Village Commons (1st floor retail, 2nd floor dining hall), University Union (Multiple locations on 2nd floor, Den by Dennys on 1st floor), Glen Dining, and Newell Dining/Newell Den. These four (4) main dining hall/food service locations average 50+ drains each.

Tier 2 includes the 7720 Café and the Towson University Marriott (including Pub), which average 12 drains each.

Tier 3 include Starbucks (Cook Library), Hawkins Hall Café/AuBonPain, Arts Café (Center for the Arts), the Liberal Arts Café (College of Liberal Arts building), the Science Café and Health Professions Cafe. These small locations average 2 drains each.

Total: Between 220 and 240 drains. This is an estimate only.
