Faculty Automated Contract System (FACS)

Introduction

The Faculty Automated Contract System (FACS) is an automated contract processing system designed to generate, approve, process, and manage Adjunct, Offload, and Per Student payments and contracts. The complete system uses PeopleSoft for data entry, validation, and data management; and Perceptive Content for workflow approvals and document management. FACS can be accessed through PeopleSoft HCM via My TU web page. Departmental users can view and print processed contracts from Perceptive Content. This manual is divided into the following sections:

	Page
Section 1: Contract Types.....	1
Section 2: Initiating Contracts.....	4
Section 3: Appointee Approval.....	7
Section 4: Opting Out of Online Approval....	11
Section 5: Chair and Dean Approvals.....	15
Section 6: Provost Budget Office (PBO).....	17
Section 7: Voiding a Contract.....	18
Section 8: Contract Cancellations.....	19
Section 9: Tools and Resources.....	20

Section 1: Contract Types

Adjunct Contracts

Adjunct Contracts are used to compensate faculty who teach on an as-needed basis. Adjunct Faculty are paid on a per course basis at a rate established by the institution. There are three categories of Adjunct Faculty: Adjunct I, Adjunct II, and Adjunct III. All first-time teaching adjunct faculty are Adjunct I faculty. Each college is responsible for establishing criteria and evaluating Adjunct Faculty I for advancement to Adjunct II and Adjunct Faculty II for advancement to Adjunct III status. Moreover, an individual could be an Adjunct I in one department, but may have attained Adjunct II status in another department. In this case, the Adjunct II status applies to all contracts. It is the contract initiator's responsibility to select the correct contract type from the menu selection.

Offload Contracts

An Offload Contract is used to compensate regular faculty and Lecturers for teaching a course beyond their standard instructional workload. The compensation rate is the same as the Adjunct I rate.

Per Student and Tuition-Only Contracts

Per Student courses include the following: Directed Reading, Independent Study, DISP, Internship, Practicum, Clinical, Travel Study, Student Teaching, Special Project, Graduate Project, and Thesis/Dissertation courses.

Per Student Compensation Contracts must be submitted after the Change of Schedule (drop/add) period ends and before the last day of classes for the session.

Please refer to the Provost's Budget Office website for the latest pay scale for per student compensation contracts. It is the responsibility of the department to use the correct rate and accurately calculate the payment due to the appointee.

Minimester and Summer Contracts

Faculty teaching classes with multiple HEGIS/Subject codes or course numbers will be compensated for a single course; and all sections should be listed on the same contract.

Linked or mixed undergraduate-graduate courses (e.g., 300/500) are treated as a single class. Only one course should be entered in the Course Teaching Assignments section. The other linked or mixed course(s) should be listed in the Dept. Note field. Compensation for linked

courses is calculated at the undergraduate pay rate up to the single course maximum.

Minimester and summer compensation amounts are entered by the Provost's Budget Office. Compensation is calculated on a per student, per credit hour basis. Enrollment counts to determine compensation are compiled after 5pm on the last day of the add/drop period.

Funding department for minimester contracts is 31300.

Funding department for summer contracts is 31210.

Exceptions apply to Ner Israel, Study Abroad, TU London, and grant funded courses.

Please refer to the Provost's Budget Office website for minimester and summer policies and procedures.

Special Minimester and Special Summer Contracts

Special minimester and special summer contracts are used for Ner Israel, Study Abroad, TU London, AIT, SPPA, ACSD, OCH, IHSM, PAST and grant funded courses.

Special minimester and special summer compensation FACS course amounts are entered by the department initiator.

Course Load Limitations for Fall and Spring Semesters:

COURSE LOAD LIMITATIONS	
Rank/Title	Limitation
Regular Faculty/Lecturer	May teach one off-load course with Chair and Dean approval
Adjunct not otherwise employed; or employed less than full-time	May teach a maximum of 3 courses per semester. Exceptions (one additional course) must be approved by the Chair and Dean.
Adjunct who is employed full-time	May teach one course per semester. Exceptions (one additional course) must be approved by the Chair and Dean.
Adjunct who is employed full-time and teaches part-time at another institution	Ineligible to teach at Towson University. Requests for exceptions are strongly discouraged.

All Staff who teach courses, or accept other Secondary Assignments, must use leave if the assignment coincides or overlaps with the employee's regular work hours as stated in the University Policy on Secondary Employment for Regular Non-Faculty Employees.

Regular Faculty Course Load Limitations for Minimester:

- Faculty may teach no more than one three (3) credit class, or an equivalent combination of classes totaling no more than three (3) credits, during January minimester.
- Additional classes and/or credits may be possible in exceptional cases but must be approved by the department chair, college dean, and provost.

Regular Faculty Course Load Limitations for Summer Trimester:

- Based on a standard maximum teaching load of four course units during an academic semester (15 weeks), the standard maximum teaching load during the summer trimester (10 weeks) is three course units. Upon recommendation of the Chair and approval of the Dean, a fourth course unit may be approved for the summer trimester.
- This teaching load would normally consist of no more than:
 - Two course units in one 5-week or one 7-week summer trimester session
 - Three course units occurring simultaneously unless two or more were in the 10 week session

Section 3: Appointee Approval

All appointees will receive a system generated email from HCMPRD@towson.edu as a courtesy notification.

The appointee receives the following e-mail:

Welcome to the Faculty Automated Contract System (FACS). You will need your Towson University NET ID and password to access the system.

Please follow these steps to view and accept your contract(s). Multiple contracts may be issued to accommodate all of your teaching assignments:

- Answer the questions presented on the initial page and click the Save button.
- Click the OK button to continue.
- Click the View/Accept link(s) to see the contract(s) in the Unaccepted Contracts box.
- Read your contract and place your initials in the box at the bottom of the contract.
- Click the Accept button.
- Click the OK button to continue.
- Click the Printable Version link(s) in the Accepted Contracts box to save or print a copy of your contract.

Please [click here](#) to begin.

If you need assistance, please contact your department.

1. Log into the system to accept the contract.

The Appointee can either click the link in the email or log into PeopleSoft HCM to navigate directly to the screen. Therefore, appointees do not have to wait for the email to accept their contract(s).

Navigation: Towson Mods→FACS→Contract Acceptance

2. Answer contract questions.

Section 4: Opting Out

Appointees may “opt out” of the electronic acceptance process; however, the PBO strongly encourages online approval. If the Appointee chooses to opt out, a paper contract, which the Appointee, Chair, and Dean must sign, will be generated. Please contact your department’s administrative assistant for assistance.

Step 1: The Initiator creates a contract as indicated in Section 2 of this manual.

➤ **To Opt Out, the Appointee selects the appropriate choice:**

➤ **The Appointee receives the following message:**

Mickey Mouse

You did not agree to accept your contract online. Please contact your department to obtain a paper contract. Click on Signout to logoff.

Step 2: The Initiator changes the contract status on the FACS Contract Data Update Page to Opted Out Paper Contract.

Step 3: The Initiator uses the FACS Contract Print menu item to navigate to the desired contract.

Step 5: The Initiator obtains all necessary approvals and delivers the contract to the PBO.

Opt Out contracts bypass Chair and Dean queues and move directly to the PBO queue. Once the PBO receives the paper contract, the PBO will match the paper document to the electronic version in FACS and move the electronic version to OHR. The paper document will be scanned into Perceptive Content for permanent storage.

Section 5: Chair and Dean Approvals

Department Chairs and College Deans use Perceptive Content to approve or reject contracts.

1. Log into Perceptive Content.
2. Navigate to the Workflow section.
3. Select the appropriate queue.
4. Open the desired contract.
5. Select the “Route Forward” icon to either Accept (Approved Send to...) or Reject (Return to department).

If the contract is rejected, the department Initiator receives a system-generated email alert. The Initiator is responsible to take any necessary actions, including notifying the Appointee.

Bulk Approvals

The Chair and Dean can also approve or reject contracts in bulk.

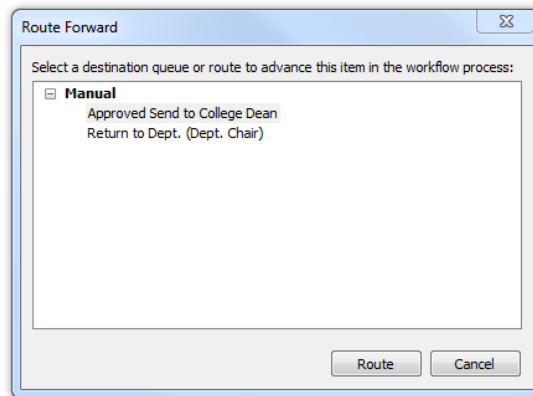

1. In PeopleSoft HCM, navigate to

Main Menu > Reporting Tools > Query > Query Viewer

2. Run query TU_FACS_CHAIR(or DEAN)_CNTRCT_TERM_STAT to list contracts pending Chair or Dean Approval (*Query includes all contract information*).
3. Match the query to the Perceptive Content queue.
4. Highlight the rows in Perceptive Content.
5. Select the Route Forward button (see next page)

Bulk approval in Perceptive Content

Section 6: Provost Budget Office (PBO) Approval

The PBO reviews contracts for accuracy and can reject and cancel contracts. Once the contract is approved by the PBO, the contract is sent to the Office of Human Resources (OHR) and then to the Payroll Office. The PBO also maintains the list of authorized system users and their roles.

The PBO screen showing the “PBO Approval Pending” status is shown below:

If a contract is rejected by the PBO:

1. The initiator will receive a system generated e-mail
2. The initiator will receive an e-mail from the PBO stating the reason
3. The initiator must submit a new contract with the correct information

Section 7: Voiding a Contract

If a contract is incorrect, or for some other reason needs to be aborted, the department must VOID the contract. A contract can only be VOIDED before the Appointee accepts the contract. If a contract needs to be aborted after the Appointee accepts the contract, the Chair or Dean must reject the contract. If the Dean has approved a contract that needs to be aborted, the contract must be *cancelled* by the PBO. Cancellations are covered in *Section 8: Contract Cancellations*.

To Summarize:

Scenario: Initiator typed the wrong amount into the contract.

Contract Status	Action
Contract Data Entered	VOID
Appointee Acceptance Pending	VOID
Appointee Accepted/Chair Approval Pending	Chair Reject (Initiator needs to tell Chair to Reject)
Dean Approval Pending	Dean Reject (Initiator needs to tell Dean to Reject)
PBO Approval Pending	Cancellation Process – see Section 8

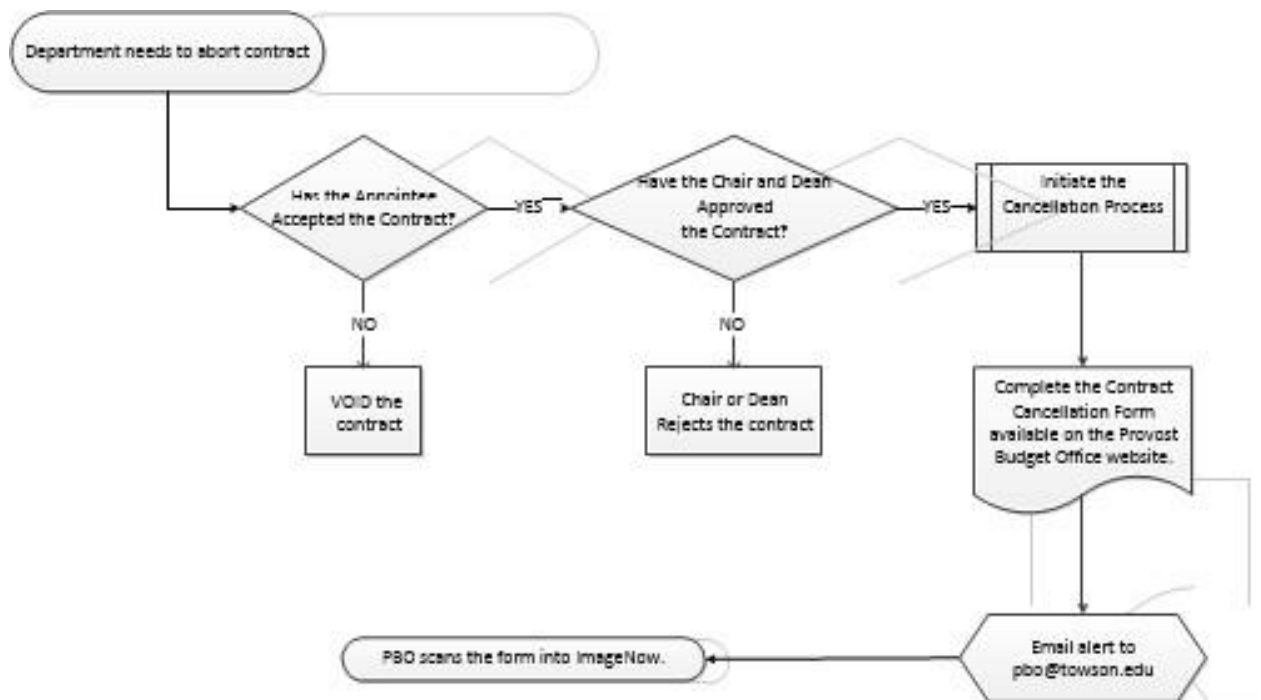

The only step needed to process a VOID is to change the contract status to VOID.

Section 8: Contract Cancellations

A *contract cancellation* occurs after the contract is accepted by the Appointee and approved by both the Chair and the Dean. In other words, if the contract has moved beyond the Dean in the workflow process and needs to be aborted (in partial or in its entirety), the contract must be *cancelled*. Contract cancellation is a multi-step process.

Steps to Cancel a FACS Contract:

1. Notify the Appointee
2. Complete the Contract Cancellation form, which is available on the Provost Budget Office website
3. email form to pbo@towson.edu. Do not fax or mail forms. If payment is due for a partial cancellation or 10% payment, the form must be signed by the Chair and emailed to pbo@towson.edu
4. The Provost Budget Office will cancel the contract in FACS
