Summer Sessions

Information about tuition, fees and other rate structures for undergraduate and graduate students is presented here.

Summer 2024 Rate Structures

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate structure. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus the class is held; not by the student career. The student career may be used for other special fees. Different rates may apply to special programs—see below. Lab/class fees apply to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.

For information about estimated total annual educational costs including estimated living and personal expenses, please review Cost of Attendance budgets.

The University reserves the right to provide some or all instruction and related academic activities through alternative methods of delivery, including remote delivery. It also reserves the right to change the method of delivery before or during an academic term in the event of a health or safety emergency or other circumstance when it determines that such change is necessary or in the best interests of the campus community. Tuition and mandatory fees will not be reduced or refunded if the University changes the delivery method for any or all of an academic session.

For payments made by any method other than credit card, refunds will be issued by check. For each class session refunds will be processed after the session's change of schedule period. However, students may ask for the refund process to be initiated prior to this by contacting the Student & University Billing Office. If a student receives a refund of amounts charged to a credit card, the credit card owners are responsible for paying any and all interest charges accrued on the credit card.
