Relax & Stay Awhile Social Areas

Individual Workout Bays on the Functional Floor

Additional Strength Training Equipment

# NOTABLE MENTIONS

Intramural Sports welcomed a class of **5 female officials**. This was extremely exciting as there is a shortage of women at all officiating levels.

The Sport Club program hired a **second** full-time athletic trainer (ATC). This allowed for athletic training clinic hours on Fridays and in-house ATC coverage for all home events.

**14% increase** in followers across all social platforms for the year.

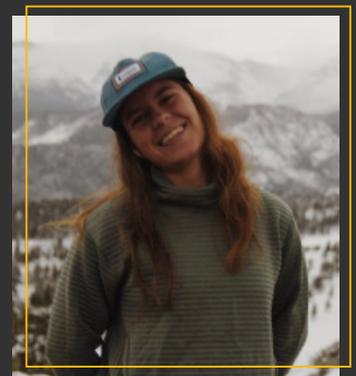

## “Rookie Rockstar” Award Recipient

Zoe Huff, Coordinator of Outdoor Programs, was awarded the Division of Student Affairs’ “Rookie Rockstar” award, highlighting Zoe’s commitment, dedication, and hard work in her first year as a professional at Towson University.

**Zoe Huff**  
Coordinator - Outdoor Programs

“It would be difficult to sum up everything that the Outdoor Adventure Center has been to me and many others, so I think it’s simpler to just say it feels like home. On my first day of training, we were told our job was to create an inclusive community that made students feel like they belonged here at Towson. I never would have guessed I would be lucky enough to be one of those students.”

**Jess Callahan**  
Outdoor Adventure Center Supervisor
