DROP-IN PAL SESSIONS: Peer-Assisted Learning Sessions (PALS) are weekly drop-in sessions that are led by peer tutors. During each session, a specific topic is reviewed that is related to current material for a particular course. Students can ask questions and work on examples or problems together. **PALS will begin September 8th.**

MATH 115 in YR 107	MATH 211 in YR 130	MATH 273 in YR 130
Tuesdays 4pm-5pm	Wednesdays 11pm-12pm	Mondays 11am-12pm

ONLINE TEST REVIEW SESSIONS: Test reviews will be offered for the following courses: MATH 95, 102, 115, 211, 273. Students and faculty members will be notified closer to the test dates. Sessions will be recorded and will mainly be offered on Sundays.

MATH CONCEPT REVIEWS: These reviews serve as brief refreshers on fundamental mathematical principles that students think they need, ensuring that all students have a strong and consistent understanding of the basics. They are not necessarily course specific; however, they are vetted by course coordinators. The material developed is located in the [TLC math online community](#)
